postdoctoral fellowships iiasa postdoctoral research fellowships

The Postdoctoral Program
at IIASA offers fully funded
research positions of up to two
years to study topics related to
IIASA's current research agenda

IIASA Postdoctoral Fellowships

Postdoctoral fellowships are available at IIASA for researchers in the following fields:

- Natural and Social Sciences
- Mathematical Sciences and Modeling
- Interdisciplinary and Sustainability Sciences
- Integrated Assessment
- Management and Policy

IIASA provides full funding for a number of postdoctoral researchers each year. Scholars conduct their own research on topics closely related to IIASA's research agenda.

An [online application form](https://www.iiasa.ac.at/postdocs) and more information is available at www.iiasa.ac.at/postdocs.

The application deadline is 1 April each year and postdoctoral positions last up to two years.

Communication with relevant program representatives is strongly encouraged at the earliest possible stage, and before submitting an application.

Located near Vienna, Austria, IIASA is an international institute that conducts policy-oriented research into problems that are too large or complex to be solved by a single country or discipline. These problems—which include climate change, energy security, and sustainable development—must be resolved by international cooperation. IIASA research comes under the following programs:

- Advanced Systems Analysis
- Air Quality and Greenhouse Gases
- Ecosystems Services and Management
- Energy
- Evolution and Ecology
- Risk and Resilience
- Transitions to New Technologies
- Water
- World Population.

IIASA has four futures initiatives:

- Arctic Futures Initiative
- Economic Integration within European and Eurasian Space
- Tropical Futures Initiative
- Water Futures and Solutions.
