
IIASA Application System

IIASA Post Doc Application

Essential Stipulations

*

Essential facts to understand about IIASA before you apply:

- IIASA does not do laboratory research and as such does not provide any onsite laboratory facilities
- The fellowship requires you to be present at IIASA for the program's full duration
- IIASA does not fund field research

I understand the above stipulations, and wish to proceed with the application.

IIASA Post Doc Application

Select: IIASA Programs/Future Initiatives/Cross Cutting Activities

You will be working in cooperation with one or more IIASA programs/initiatives/activities as described below. Please click on the various links to view detailed descriptions for each of them - all links will open in a separate window:

IIASA Research Programs

- [\(ASA\) Advanced Systems Analysis](#)
- [\(EEP\) Evolution and Ecology](#)
- [\(ENE\) Energy](#)
- [\(ESM\) Ecosystems Services and Management](#)
- [\(AIR\) Air Quality and Greenhouse Gases](#)
- [\(POP\) World Population](#)
- [\(RISK\) Risk and Resilience](#)
- [\(TNT\) Transitions to New Technologies](#)
- [\(WAT\) Water](#)

IIASA Futures Initiatives

- [\(WFI\) Water Futures and Solutions Initiative](#)
- [\(AFI\) Arctic Futures Initiative](#)
- [\(EEI\) Eurasian Economic Integration Initiative](#)
- [\(TFI\) Tropical Futures Initiative](#)

Cross Cutting Activities

- [\(ENE, ESM, AIR, POP\) Accounting for Social Heterogeneity in IIASA Models](#)
- [\(EEP, RISK ASA\) Systemic Risk and Network Dynamics](#)
- [\(EEP, RISK\) Equitable Governance of Common Goods](#)

*

- I have read the descriptions above and feel my research fits the choice I am indicating below.**

Please make your choice of up to three (3) areas which are most relevant to your research proposal.

Your choices

Your ranking

(ASA) Advanced Systems Analysis	
(EEP) Evolution and Ecology	
(ENE) Energy	

(ESM) Ecosystems Services and Management

(AIR) Air Quality and Greenhouse Gases Mitigation of Air Pollution and Greenhouse Gases

(POP) World Population

(RISK) Risk and Resilience

(TNT) Transitions to New Technologies

(WAT) Water

(WFI) Water Futures and Solutions Initiative

(AFI) Arctic Futures Initiative

(TFI) Tropical Futures Initiative

(EEI) Challenges and Opportunities of Economic Integration within wider European and Eurasian Space Initiative

(ENE, ESM, AIR, POP) Accounting for Social Heterogeneity in IIASA Models

(EEP, RISK, ASA) Systemic Risk and Network Dynamics

(EEP, RISK) Equitable Governance of Common Goods

 Double-click or drag-and drop selected fields from the left side to the right (select a maximum of three possibilities).

The Programs/Research Activities of your choice will also conduct the first round review of your application. Demonstrating the relevance of your proposal to the research performed at IIASA is therefore key.

***Please briefly justify your choice here (max. 2000 characters).**

🔗 Explain how your proposal fits the agenda or cuts across the agendas of your selected program(s)/initiative(s)/activity(s). You will be asked to go into more detail in a later section of this application form. If your proposed project is relevant to more than one IIASA Program, we encourage you to describe the links to all.

IIASA Application System

IIASA Post Doc Application

Proposed research plan during your intended work at IIASA

An essential part of the application is your proposed research plan which should be relevant to the research agenda(s) of your selected programs/initiatives/activities.

Please fill out the boxes below (max. 2500 characters each) to describe in detail how your research objectives relate to your selection and how your background and skills qualify you for an IIASA Post Doc Fellowship.

For scientific questions please contact the relevant program representatives.

*1. Title of the proposed research

*2. Abstract of the proposed research

 max. 1500 characters with spaces

*3. Main research questions and objectives

*4. Methods and approach

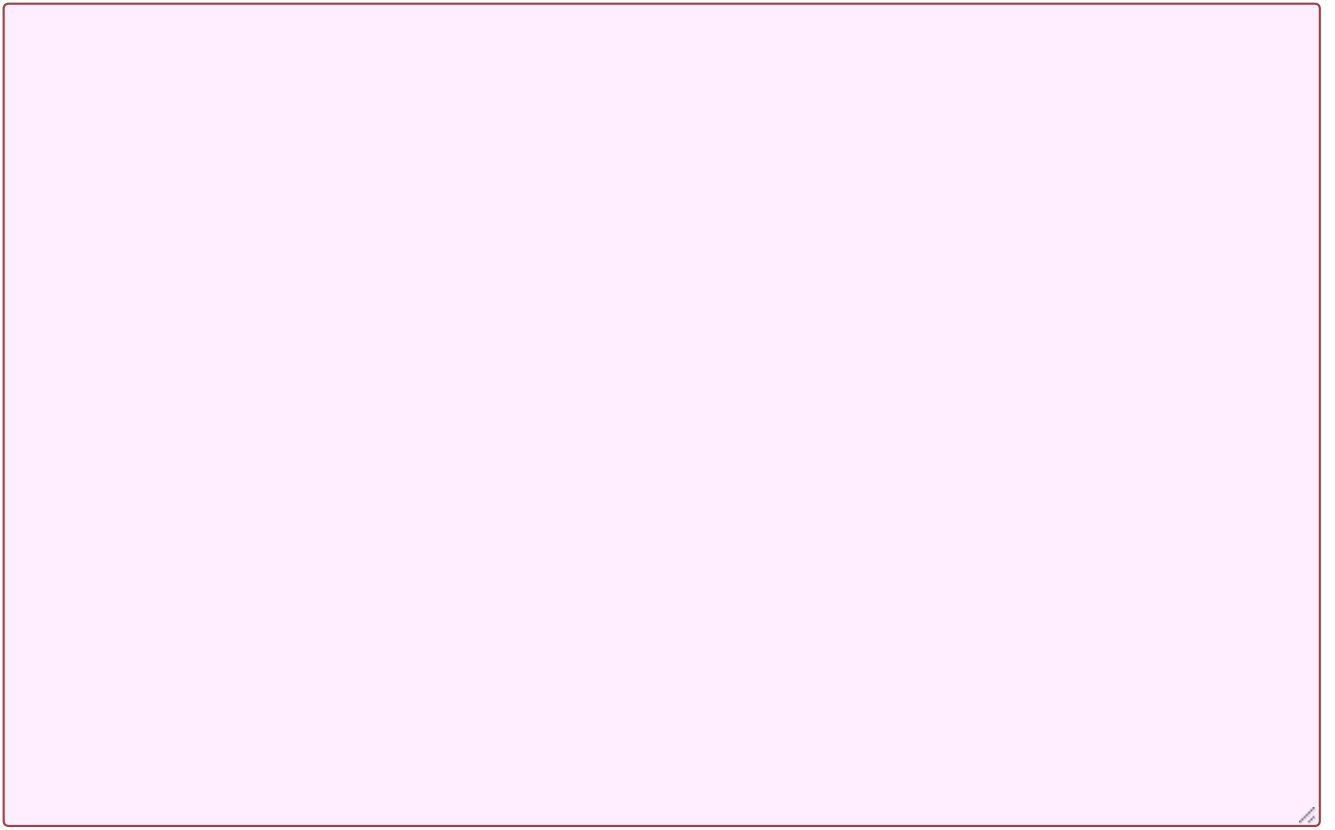

5. Data required (if relevant)

 e.g. do you already have your data, or are you in the process of obtaining it?

*6. Innovative aspects

 e.g. how is this research original with regards to concept, methods, and expected results?

*7. Expected results & risks for success

IIASA Post Doc Application

Additional Information

- IIASA Post Doc Fellowship - Researchers in natural and social sciences, mathematics, engineering, management and decision science, and policy analysis are invited to work in IIASA's cross-disciplinary, systems focused environment.
- IIASA Peter de Janosi Post Doc Fellowship - Your work should reflect Dr de Janosi's deep interest in applying interdisciplinary analysis to significant public policy and management problems. Your application for other IIASA Post Doc Fellowships will not be affected by your decision to be considered for the de Janosi Fellowship.
- IIASA Colosio Post Doc Fellowship (every two years) - IIASA Post Doc Fellowship for Mexican applicants (citizens or permanent residents). Your application for other IIASA Post Doc Fellowships will not be affected by your decision to be considered for the Luis Donaldo Colosio Fellowship.
- IIASA-Mexico Fellowship – IIASA Post Doc Fellowship for Mexican applicants working on topics related to ongoing or developing collaboration between IIASA and the Mexican scientific community in areas such as integrated modeling, citizen science, population projections and migration, land use and ecosystems, the food-energy-water-climate nexus, and natural hazards risk. For further details please contact the IIASA Post Doc Coordinator or visit the IIASA Post Doc and Conacyt websites.
- IIASA-Brazil Fellowship - please go directly to the CAPES website to apply (Note: you can still fill out this application form so that IIASA programs are aware of your interest in any case).

Please select your preference of consideration for this application

Check any that apply

- IIASA Post Doc Fellowship
- IIASA Peter E. DeJánosi Postdoctoral Fellowship
- IIASA Colosio Post Doc Fellowship (every two years, for Mexican applicants)
- IIASA-Mexico Postdoctoral Fellowship (for Mexican applicants)

 *multiple answers possible; detailed information can be found on the IIASA Post Doc website*

How did you learn about IIASA / this Program?

Check any that apply

- colleague/friend
- supervisor/university
- former YSSPer/Post Doc/Alumni
- listserv, mailing list
- IIASA website
- conference

Other:

Before hitting the final submit button below:

- Please check all of your answers and uploaded documents
- Please make sure that the email address for references are valid
- Only those applications will be evaluated that are fully complete
- Please **submit** this form by **latest 24:00hrs CET of the application deadline**
- Please ensure referees are sending their **letters by latest 5 days after the application deadline**

They will receive an automated email from us once the form has been submitted.
