Page: Essential Stipulations

Essential Stipulations *

Essential facts to understand about YSSP and IIASA before you apply:

- IIASA does not do laboratory research and as such does not provide any onsite laboratory facilities.
- IIASA does not fund field research.
- The program requires you to be present at IIASA for the programs full 3-month duration.
- Candidates from Brazil must also submit an extra application for YSSP on the CAPES website.

☐ I understand the above prerequisites, and wish to proceed with the application

You will be working in cooperation with one or more IIASA programs/initiatives/activities as described below. Please select an option of max. two programs from the drop down list. Before you make your choice you need to visit the detailed descriptions of each program (and their goals for YSSP) on our website or click on the link that appears when you select an option in the first choice drop down menu.

IIASA research programs *

First choice

Select one category

- ⭕ Advancing Systems Analysis
- ⭕ Biodiversity and Natural Resources
- ⭕ Economic Frontiers
- ⭕ Energy, Climate, and Environment
- ⭕ Population and Just Societies
- ⭕ Strategic Initiatives

Second Choice

Select one option

- ⭕ Advancing Systems Analysis
- ⭕ Biodiversity and Natural Resources
- ⭕ Economic Frontiers
- ⭕ Energy, Climate, and Environment
- ⭕ Population and Just Societies
- ⭕ Strategic Initiatives

I have read the descriptions of the respective programs and feel my research fits the choice I am indicating above. *

Select one or more options

☐ I agree

Please justify your program choice *

Representatives of your chosen programs will be conducting the first round of review of your application. Demonstrating the relevance of your proposal to the research performed at IIASA is therefore key. Please describe the relevance of your proposal to the research carried out by your chosen IIASA program(s) - use reference to ongoing research where possible.

An essential part of the application is your proposed research plan which should be relevant to the research agenda(s) of your selected programs.

Please fill out the boxes below (max 2500 characters) to describe in detail how your research objectives relate to your selection and how your background and skills qualify you for the program. Note: if you need to add more information you can upload another pdf in the CV section.

For scientific questions please contact the relevant program representatives (contacts to be found on our website).

Title of your proposed research *

Abstract of your proposed research *

Main research questions and objectives *

Methods and approach *

Do you already have your data, or are you in the process of obtaining it? If so what are the requirements?

Innovative aspects *

(e.g., how is this research original with regards to concepts and methods?)

Expected results & risks for success *

How did you learn about IIASA/this program

Select one or more options

- ☐ Colleague/Friend
- ☐ Supervisor/University
- ☐ Former YSSPer/Post Doc/Alumni
- ☐ listserv, mailing list
- ☐ IIASA website
- ☐ Conference
- ☐ Other

Please Describe *

Self-Funding

In case you don't qualify for funding through one of IIASA's National Member Organizations, would you be able to come on your own funding source (e.g. your institute, university, or other)? Please indicate with yes or no below and provide some details on your funding situation.

Select one option

- ○ Yes, if needed I could come with my own funding sources.
- ○ No, I would not be able to provide alternative funding

Funding possibilities from alternative sources *

Please elaborate on funding possibilities from alternative sources

---

Declaration of consent for processing of personal data *

I hereby consent to the processing of my sensitive data (i.a. nationality) by the International Institute for Applied Systems Analysis - IIASA.

Furthermore, I authorize the transmission of my personal data to other departments within the institute for various comparisons and project planning. I also authorize the transmissions of my personal data to authorized institutions, and authorities in Austria,

e.g., ministries, social security office, etc., where necessary, as well as to IIASA's National Member Organizations.

I can revoke my consent at any time without any adverse consequences, by contacting the data protection officer via e-mail at dpo@iiasa.ac.at.

In the event of a cancellation or non-selection, my data will be deleted.

☐   I consent

Before hitting the Submit and Finalize button below:

- Please check all of your answers and uploaded documents.
- Please make sure that all email addresses for your references are valid.
- Your references will receive and an automated notification to send their letters to us. You will be able to see if your references are still pending. Please follow up with them directly to ensure their letters are sent.
- Only those applications will be evaluated that are fully completed (CV, reference letters, etc)

I have fully completed the IIASA YSSP application and wish to submit it for review. *

You will normally receive an automated email confirmation from us once the application has been successfully submitted.

If no confirmation has arrived within one day, please alert the program via an email to (to: yssp.info@iiasa.ac.at)

☐   I agree
