Application Sections 3-8

Below you will find specifications of what to include in sections 3 to 8 of the application document. Please note that all of these sections should be included in your application document. Please merge all documents into one PDF file. The completed application form should constitute the first pages of the merged document, with everything else following in the order listed below.

3. Representative Academic Achievements

This section is limited to two papers (mandatory) and additionally either one book or one patent (optionally). The appended documents should together comprise no more than 10MB. Please include information on all of the following in this section of your application:

3.1 Titles of the Representative Academic Achievements

3.2 Abstracts of the Representative Academic Achievements (*No more than 300 words each.*)

3.3 Main Contents of the Representative Academic Achievements

4. Postdoctoral Research Proposal and Time Plan

For this section, we recommend that applicants review the research section of the PKU [webpage](#), the envisaged PKU postdoctoral supervisor's research interests.

Please explore the research areas currently present on the [IIASA website](#) to identify areas of possible research themes/interests that would fit into your developing research proposals. We encourage applicants to identify and reach out to IIASA researchers to discuss their proposals and identify potential supervisors early on in the process. Before sending your application you are strongly advised to get in touch with the relevant [program representative](#) to find out about mutual interest in your intended research and to identify the best research group for your topic.

4.1 Please indicate below the fields of research at PKU and the research programs/research groups at IIASA you are interested in.

--

4.2 Please briefly justify your choices above by explaining how your research would fit into both the PKU and the IIASA research agendas. (*No more than 2000 characters.*)
